**Library Programs**

## **ILL Statistics**

### **FY1999 Report / FY2000 Statistics Requirements**

3-letter LORI code: \_\_\_\_\_

#### **Interlibrary Loans Per Year**

Request for and provision of library material, or a copy of the material, made by one library to another. Include both lending and borrowing. The libraries involved in an interlibrary loan are not under the same library administration. An item is a book, an individual article or a set of replacement pages.

-- Public Library Annual Report

#### **Changes in statistics reporting:**

ILL statistics should be kept for the fiscal year July 1 to June 30. These statistics should include ILL items from and to any other library, in or out of state, EXCEPT those items transferred for any patron placed holds within the HELIN or CLAN system. Those should be reported separately after standard ILL items.

Number of items received by your library for the year \_\_\_\_\_

Number of items sent by your library for the year \_\_\_\_\_

If your library is a member of CLAN or HELIN, report below the items transferred within your consortium as the result of patron placed holds.

Number of items received by your library for the year, within your consortium as patron placed holds \_\_\_\_\_

Number of items sent by your library for the year, within your consortium as patron placed holds \_\_\_\_\_

Due to the change in reporting year and description of statistics required, your library may not have the statistics as requested above. Please submit the statistics you do have and indicate whether they refer to number of "items" or number of "requests"

and whether or not they include CLAN or HELIN patron placed holds data.

Please sign below to indicate your agreement to collect these statistics for the FY2000.

I understand the change in ILL statistics as required by LORI membership and will collect them for the fiscal year 2000.
